SAEINDIA MEMBERSHIP GRADES

Listed below are the qualification for each grade of *SAEINDIA* membership as stated in the Bylaws:

Member Grade

This grade shall be composed of person having a qualified College or University degree in Engineering and Technology and a minimum of five (5) years of professional technical experience or having the required equivalent years of technical education from an approved institution and adequate professional technical experience or who have rendered distinguished service and are having noteworthy accomplishments in the area of Mobility Engineering or who have been members of SAE International or IAE (India).

Associate Grade

This grade shall be composed of persons having a qualified College or University degree in Engineering or having the required equivalent years of technical education and from an approved Institution and professional technical experience but have not yet attained the experience and level of responsibility to qualify for grade of Member or who have been Associate Members of SAE International or IAE (India).

Affiliate Grade

This grade shall be composed of persons whose affiliation supports the objectives of *SAEINDIA* but do not meet the requirements for Members and who have been Affiliate Members of SAE International or IAE (India)

Applicants who are elected to either Associate or Affiliate grade may apply for a grade transfer after they have obtained adequate qualification and/or experience in the mobility engineering field.
